CLAIMS

Outstanding claims management services is one of the keys to success within our Social Services Program. Through our years of experience in handling these claims, our specialists understand the unique exposures these entities can come across. Our team oversees claims that arise out of our accounts and are able to respond with efficiency and compassion. The goal is to work towards the best possible outcome for all parties.

RISK CONTROL

Social Service entities from a wide variety of sectors benefit from the experience of our Risk Control specialists. Our Risk Control Services are geared toward loss prevention and benefit businesses within the Social Service industry by providing safety programs, consulting and training.
